

DATA SCIENCE MASTER VIRTUAL INTERNSHIP

Submitted By: Aditya Pratap Singh

Roll No.: 2410030286

B.Tech CSE | 5th Semester | Section: 3CSE20

IILM University, Greater Noida

AICTE EduSkills (Supported by Siemens)

June – August 2026

About the Internship

- 8-week virtual internship.
- Completed through AICTE EduSkills.
- Practical learning using RapidMiner.
- Focused on Data Science and Machine Learning.

Objectives

- Understand the Data Science lifecycle.
- Learn data preparation and preprocessing.
- Explore machine learning concepts.
- Develop analytical thinking.

Organization Profile

- AICTE promotes technical education.
- EduSkills delivered the internship.
- Siemens supported industry-oriented learning.

Technologies Used

- RapidMiner
- Data Preparation
- Machine Learning
- Predictive Analytics
- Model Evaluation

Learning Modules

- Applications & Use Cases
- Data Engineering
- Machine Learning
- Data Preparation
- Platform Administration

Methodology

- Import Dataset
- Prepare Data
- Build Model
- Validate Model
- Evaluate Results

Result

Skills Acquired

- RapidMiner
- Problem Solving
- Analytical Thinking
- Data Preprocessing
- Machine Learning Fundamentals

Challenges Faced

- Learning a new platform.
- Understanding ML concepts.
- Managing self-paced learning.

Learning Outcomes

- Improved practical understanding of Data Science.
- Connected theory with practical workflows.
- Built confidence in using RapidMiner.

Conclusion

- The internship strengthened my technical knowledge.
- It motivated me to continue learning AI and Data Analytics.

Thank You

- Thank you for your time.
- Questions & Discussion
